

CT26-hFAP

Strain Information

Cat. NO. NMC-230018

Cell Line CT26-Tg(hFAP)Smoc

Strain State Construction

Model FAP gene humanized CT26 cell line

Description *Literature published using this strain should indicate: CT26-hFAP cell line (Cat.

NO. NMC-230018) was purchased from Shanghai Model Organisms Center, Inc..

Validation Data

No data
