

MC38-hLILRB4

Strain Information

Cat. NO.	NMC-230084
Cell Line	MC38-hLILRB4
Strain State	Validation of tumorigenic capacity completed
Model	LKRB4 gene humanized MC38 cell line
Description	*Literature published using this strain should indicate: MC38-hLILRB4 cell line (Cat. NO. NMC-230084) was purchased from Shanghai Model Organisms Center, Inc..

Validation Data

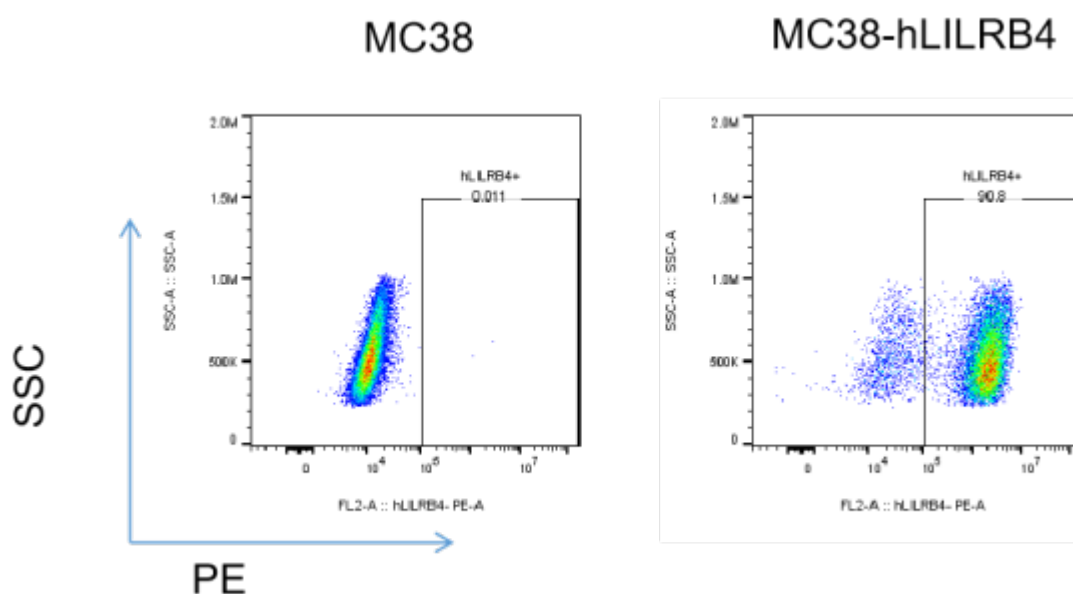

Figure 1. hLILRB4 expression in wild-type MC38 and MC38-hLILRB4 cell line.

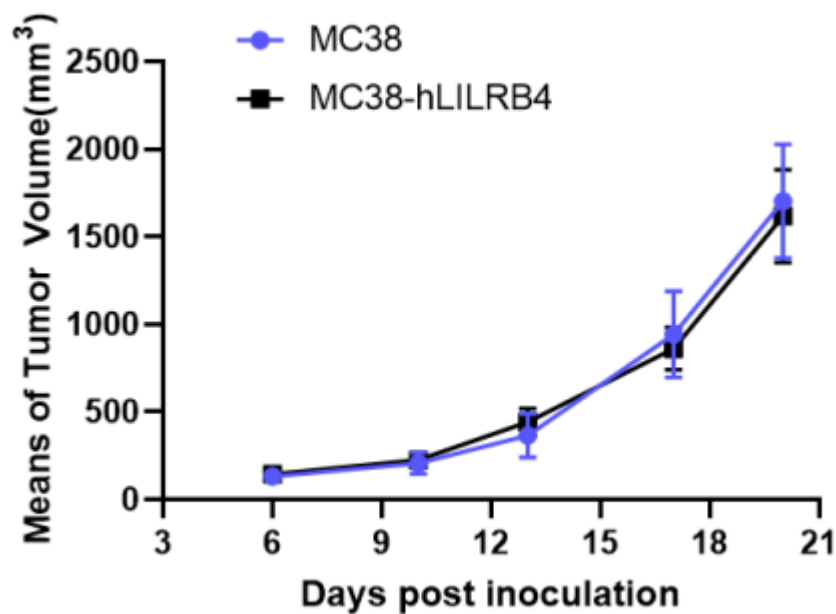

Figure 2. Tumor growth curve of MC38 and MC38-hLILRB4 syngeneic model (n=6).

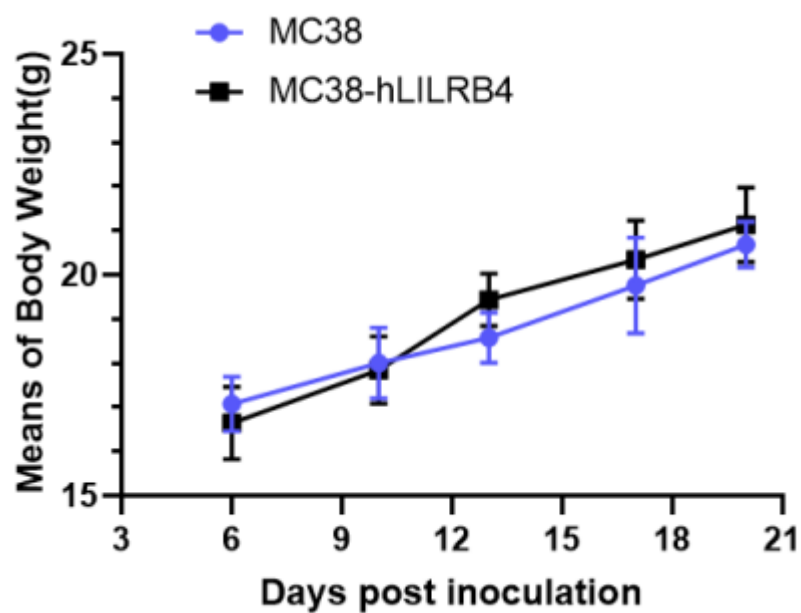

Figure 3. Body weight curve of MC38 and MC38-hLILRB4 syngeneic model (n=6).

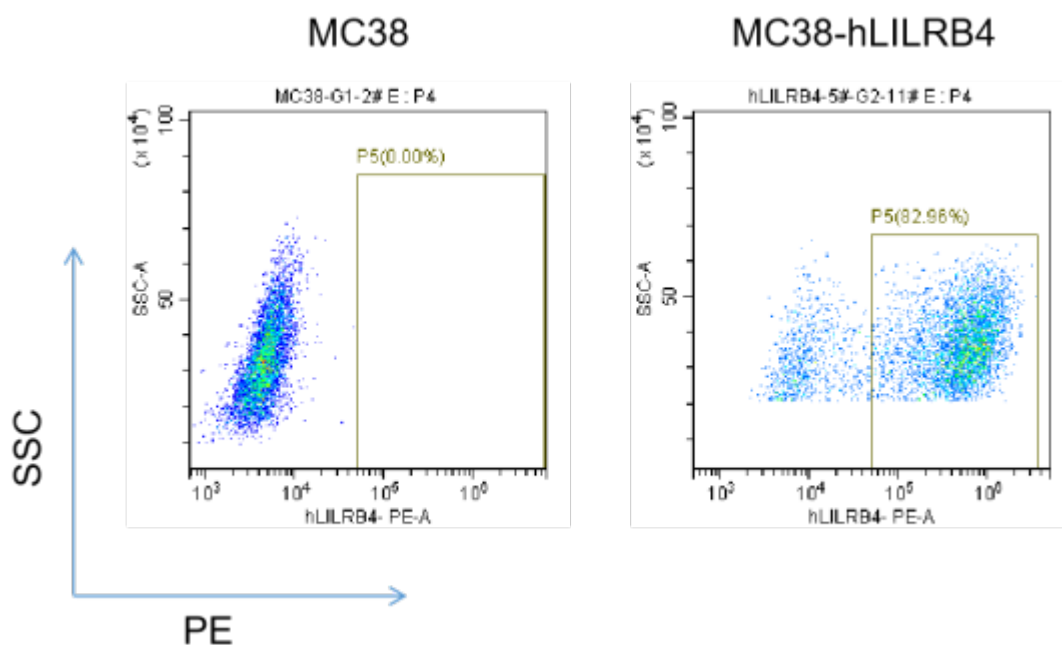

Figure 4. The expression of hLILRB4 in humanized modified tumors by FACS.
