

IL22-Flox

Nomenclature	C57BL/6Smoc- <i>IL22</i> ^{em(flox)/Smoc}
Cat. NO.	NM-CKO-220627
Strain State	Sperm cryopreservation

Gene Summary

Gene Symbol IL22	Synonyms	IL-22; Ittif; IL-22a; ILTIFa
	NCBI ID	50929
	MGI ID	1355307
	Ensembl ID	ENSMUSG000000074695
	Human Ortholog	IL22

Model Description

These mice carry loxP sites flanking exon 1-4 of IL22. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of IL22 gene.

*Literature published using this strain should indicate: IL22-Flox mice (Cat. NO. NM-CKO-220627) were purchased from Shanghai Model Organisms Center, Inc..
