

NIH/3T3-hFAP

Strain Information

Cat. NO.	NM-S08-TM01
Cell Line	NIH/3T3- <i>Fap</i> ^{em(hFAP)Smoc}
Strain State	Construction
Model Description	The endogenous mouse <i>Fap</i> gene was replaced by human FAP gene. *Literature published using this strain should indicate: NIH/3T3-hFAP cell line (Cat. NO. NM-S08-TM01) was purchased from Shanghai Model Organisms Center, Inc..

Validation Data

No data
